WORK EXPERIENCE

Dorkodu (dorkodu.com)
Co-founder & CTO

Jan 2021 – August 2024
Istanbul, TR

Dorkodu creates social & gamified productivity apps and services with homebrew open-source technologies, experienced in decentralized web and crypto.

- Developed & maintained 15+ apps, games, and libraries over the years
- Streamlined deployment using open-source tools, achieving 80% faster releases and cutting base infrastructure costs by 80%
- Built over-the-air update module for our mobile apps, improving release time by +90%
- Migrated web game's rendering system from DOM to PixiJS, reducing the load on the CPU by 50% and utilizing GPU

PLStaking DAO (plstaking.com)
Lead Developer

December 2023 – September 2024
Istanbul, TR

A platform where NFT communities can engage with their members

- Led the developer team, built soft-staking, raffles, quests, marketplace, and more.
- Grow & scale the app to ~1000 users & +50k soft-staked NFTs
- Debug third-party dependencies & improve the app performance by more than 80%
- Contributed to some popular open-source Web3 libraries, e.g. adding Next.js SSR & SEO support while improving performance by 40%
